Civic Dialogue Services conducted an all-day retreat in 2009 for the Prevention Research Center at the Harvard School of Public Health. Concepts of race and ethnicity were explored. Representatives of community partner organizations that collaborate with the Center's diabetes and obesity intervention programs participated. Over 60 potential action ideas were generated. A "short list" of top action ideas prioritized by all participants was a major outcome of this successful retreat.

Agenda (9am - 3pm)

DIALOGUE PART 1:
Communication, Understanding & Relationship-Building

DIALOGUE PART 2:
What's Going Well / What Could Be Better

DIALOGUE PART 3:
What We Could Do: Brainstorming Action Ideas
